

Empowered by Innovation

**NEC**

# *Simplicity Does It All*

### **Smart Solutions, Simply Affordable**

Comes with 3 trunks / 8 extensions. Plus, hybrid ports to fit any phone, built-in caller ID detection and transmission, built-in DISA function, Voice Response System and best of all, NEC's reputation for quality. Aspila Topaz Lite incorporates performance and intelligence into a simple design. Open up your company's communication capabilities and be amazed.

### **Fully Hybrid Ports**

Comes with hybrid ports to fit any combination of analogue SLT, proprietary keyphones, modems, facsimile machines, answering machines, cordless telephones and more.

### **Intelligence & Innovation**

- Built-in Caller ID Detection and Transmission which display the telephones numbers of incoming calls and/or names.
- Least Cost Routing (LCR) / Automatic Route Selection (ARS) which automatically selects the cheapest call rates from the service provider of your choice if you have more than one telephone service provider.

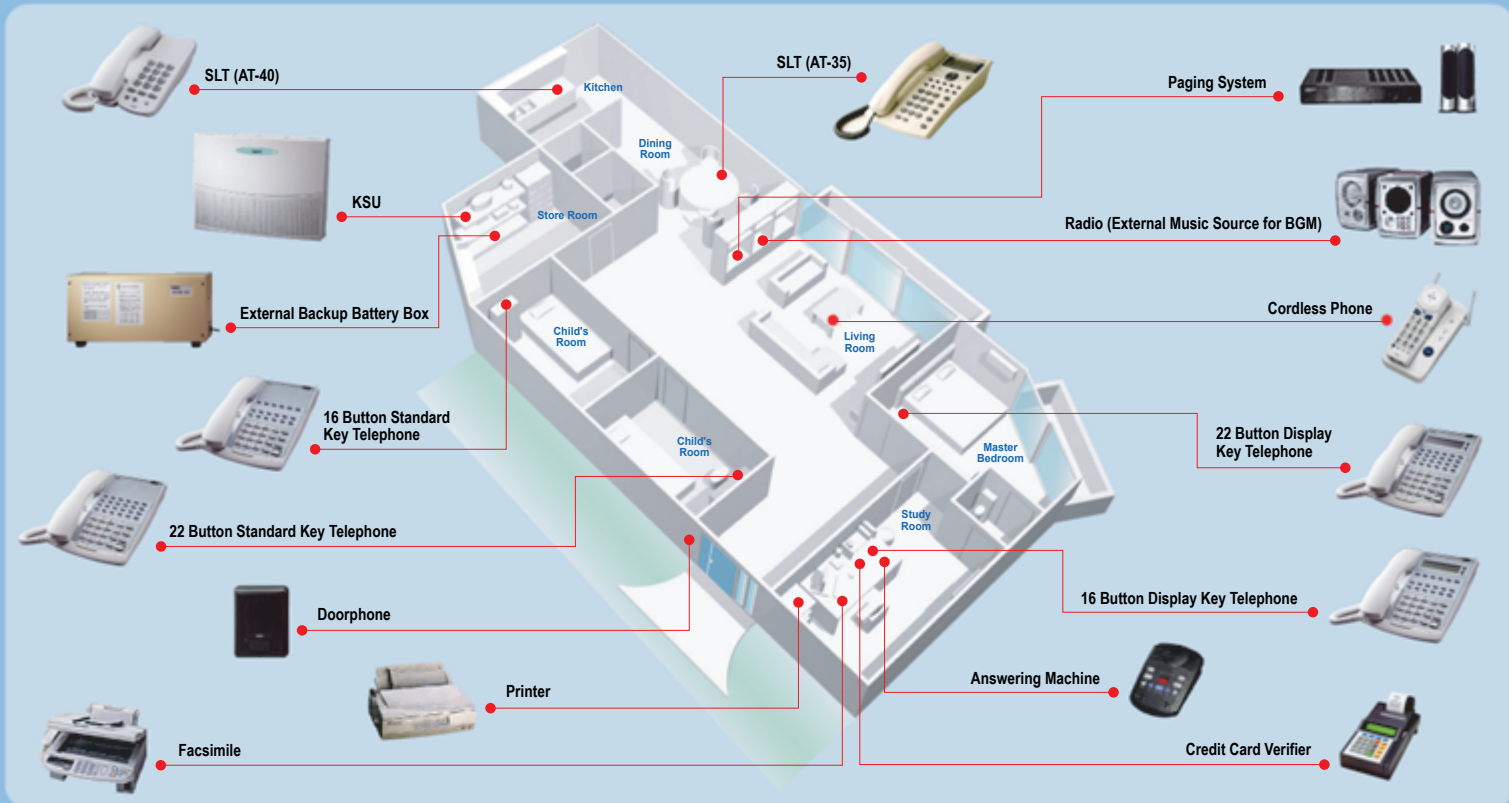

### **Expert Call Handling**

Voice Response System (VRS)\* and Voice Mail\* which allow you to record up to 48 VRS messages, including Automated Attendant greetings and a General Message that can be personalised in the user's native language.

\*Optional feature.

*Aspila*
